DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-21 are rejected under 35 U.S.C. 102(b) as being anticipated by Gronberg.

The Gronberg reference discloses an offset pen comprising a holding portion 8, a writing tip/pencil 11 within a writing seat having a fixing pillar/rib (see Figures 2 and 3), an intermediate portion 9, storage chambers/inner tubes (11, 12), a confining fringe seat/connecting part 14, a "rubber"/push portion 29, "handholds" 16, and an "aesthetic hole" (see Figure 7).

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. The Liu reference discloses a pencil with refills stacked in the barrel.
